

Discover the Benefits of GREENIES® PILL POCKETS® Treats.

Pets should never miss a dose of medicine because pet owners aren't aware that there's an easy way to give it. Recommending GREENIES® PILL POCKETS® Treats with every medication you send home can help:

- Improve compliance
- Keep patients healthy
- Boost clinic revenue

Every Dose Counts

Getting pets to take medicine isn't always easy. But knowing how to give medication is an important part of keeping your pet healthy. Missing doses can lead to:

- Additional health problems
- Long, extended illnesses
- Unnecessary pain

Table Food Traps

Pet parents often use high fat/calorie human foods such as peanut butter, meat, tuna and cheese to feed medications to their pets.

- 1 oz. of cheese for a 20 lb. dog = 1 ½ hamburgers for an average human
- 1 tbsp. of peanut butter has 400% more calories than 1 PILL POCKETS® treat*
